a presentation of developments in the electrochemistry of c60 and related compounds electroenzymatic synthesis conducting polymers and electrochemical partial fluorination it contains accounts of carbonyl compounds anodic oxidation of oxygen containing compounds electrosynthesis of bioactive materials electrolyte reductive coupling and more

urban rehearsals and novel plots in the early american city sheds new light on the literature of the early us by exploring how literature theatre architecture and images worked together to allow readers to imagine themselves as urbanites even before cities developed in the four decades following the revolutionary war the new nation was a loose network of nascent cities connected by print before a national culture could develop local city cultures took shape literary texts played key roles in helping new americans become city people drawing on extensive archival research urban rehearsals argues that literature particularly novels and plays allowed bostonians to navigate the transition from colonial town to post revolution city enabled philadelphians to grieve their experiences of the 1793 yellow fever epidemic and rebuild in the epidemic s aftermath and showed new yorkers how the domestic practices that reinforced their urbanity could be opened to the broader public throughout attention to underrepresented voices and texts calls attention to the possibilities for women immigrants and black americans in developing urban spaces while showing how those possibilities would be foreclosed as the nation developed balancing attention to canonical texts of the early republic including the power of sympathy charlotte temple and benjamin franklin s autobiography with novels whose depiction of early cities deserves greater attention such as ormond the boarding school monima and kelroy this volume shows how us cities developed on the pages and stages of the early republic building urban imaginations that would construct the nation s early cities

pennsylvania contained the largest concentration of early america s abolitionist leaders and organizations making it a necessary and illustrative stage from which to understand how national conversations about the place of free blacks in early america originated and evolved and importantly the role that colonization supporting the emigration of free and emancipated blacks to africa played in national and international antislavery movements beverly c tomek s meticulous exploration of the archives of the american colonization society pennsylvania s abolitionist societies and colonizationist leaders both black and white enables her to boldly and innovatively demonstrate that in philadelphia at least the american colonization society often worked closely with other antislavery groups to further the goals of the abolitionist movement in colonization and its discontents tomek brings a much needed examination of the complexity of the colonization movement by describing in depth the difference between those who supported colonization for political and social reasons and those who supported it for religious and humanitarian reasons finally she puts the black perspective on emigration into the broader picture instead of treating black nationalism as an isolated phenomenon and examines its role in influencing the black abolitionist agenda

explores how early american republic literary texts about urban life played an important role in constructing urban spaces and

identities in the young united states and how books allowed readers to access and practice being urban

in a suffering world reeling from global pandemics and health disparities it is high time to think theologically about the devastating experience of disease and to address our god inspired responsibility to understand its origins and engage in its management in a fragmented world we need a unifying and integrated perspective on people in communities embedded in a fractured ecology in an academic world blind to the spiritual world and imbalanced toward technical solutions the global church must articulate a contemporary metanarrative that is moral practical and deeply transformational all creation groans brings together multiple perspectives for a compelling global health approach to the pathologies of the world as a part of the missio dei the authors paint a unifying perspective on god s healing intentions in creation redemption and consummation and the opposing nature corrupting effects of the rebellion of created moral agents it is a fresh call for the global church to engage in aligning with god s healing action for eternally sustainable global health
