understanding international law presents a comprehensive accessible introduction to the various aspects of international law while addressing its interrelationship with world politics presents well organized balanced coverage of all aspects of international law features an accompanying website with direct access to court cases and study and discussion questions visit the site at www.wiley.com/go/internationallaw includes discussion of the efficacy of international law a topic unique among international law texts offers discussion of other topics that most texts do not address such as complete chapters on making the world safer human rights the environment and the world economy

in the realm of the law of international organizations and treaty law few commentators have made a more significant contribution than Paul C. Szasz in his years of distinguished service at the UN and in his subsequent career as a prominent consultant to international institutions he has mastered a highly specialized body of knowledge that allows him to study the

inner and outer workings of the international legislative administrative and judicial processes with unique and compelling authority his incisive essays always deeply informed with first hand experience have gone directly to the heart of the most vital international legal issues of our time this volume gathers twenty one essays that will be of inestimable value to the entire community of public international lawyers with penetrating insight szasz exposes the institutional underpinnings affecting such international law matters as law making in international organizations the obligation to arbitrate monitoring treaty compliance un system complexification sanctions the advisory competence of the world court the legal liability of diplomats peacekeeping intervention and the role of ngos specific facts and events such as the u s action in the 1988 plo mission controversy developments in the safeguards regime of the international atomic energy agency the kosovo conflict the dayton accords and the namibian peace process provide a firm topical basis for the author s analysis of policy practice and theory in this little understood but crucially important area of international governance published under the transnational publishers imprint

an expert lineup of contributors fill in the methodological and intellectual gaps in the field of comparative international law

this exciting new textbook introduces students to the key aspects of the law and legal frameworks essential for social work practice in australia simple and easy to read it communicates the complex legal concepts in practice in ways students can easily understand with a focus on human rights and ethical conduct it s both concept based examining the ways of thinking and understanding law and social work interactions and topic based exploring the different specific areas of law which social workers are most likely to come into contact with this is essential reading for any student taking a unit in social work law specific to australia it accounts for australian jurisdictions and can be easily integrated into the classroom context with case studies questions for discussion and links to further resources including interactive resources and a website to support further learning and provide updates to changes in the law between editions

vols for 1970 73 include american society of international law proceedings no 64 67

introduction perspectives on international law from the international civil servant from the national diplomat from the international court from the national court from the bar from practice i the history and theory of international law 1 a short history of international law 2

this clearly written understanding treatise is designed to explain what international law is why it exists and the basic subjects it covers the law of treaties is given particular attention chiefly because of the increasing importance of the treaty in international life the number of treaties has mushroomed since the second world war and many of these agreements include over 100 states as parties because of their number and the breadth of their coverage treaties are thus the main form of international legislation but since they are also contractual in character and since many multilateral treaties allow states to place conditions on their

acceptance of them the law governing treaties is necessarily more complex than if they were the exact equivalent of national legislation understanding international law also provides introductory coverage of topics of current relevance such as terrorism international criminal law use and applicability of international law in united states courts and the law governing the use of military force

earlier edition published as a double issue of the journal in v 20 no 1 2

professor byers s book goes to the heart of some of the most bitterly contested recent controversies about the international rule of law chris patten chancellor of oxford university international law governing the use of military force has been the subject of intense public debate under what conditions is it appropriate or necessary for a country to use force when diplomacy has failed michael byers a widely known world expert on international law weighs these issues in war law byers examines the history of armed conflict and international law through a series of case studies of past conflicts ranging from the 1837 caroline incident to the abuse of detainees by us forces at abu ghraib prison in iraq byers explores the legal controversies that surrounded the 1999 and 2001 interventions in kosovo and afghanistan and the 2003 war in iraq the development of international humanitarian law from the 1859 battle of solferino to the present and the role of war crimes tribunals and the international criminal court he also considers the unique influence of the united states in the evolution of this extremely controversial area of international law war law is neither a textbook nor a treatise but a fascinating account of a highly controversial topic that is necessary reading for fans of military history and general readers alike should be read and pondered by those who are seriously concerned with the legacy we will leave to future generations noam chomsky

vols for 1932 include the annual report of the american peace society

during his thirty five years as chief justice of the supreme court john marshall wrote the opinions in 80 cases involving international law issues but unlike other scholars who have claimed that marshall s education in international law came from these cases frances howell rudko argues that marshall was intensively schooled in international law issues in the period between 1793 and 1801 in this work she explores these crucial years in marshall s life and demonstrates that most of the key principles he applied in his international law cases were learned during his pre court days rudko focuses her study on marshall s experiences in the eight years prior to his appointment to the supreme court when the events following the proclamation of neutrality ushered him into the national political arena four episodes from this period are carefully examined and are shown to have provided the foundation for his understanding of international law they are his appearance before the supreme court as debtors counsel in the case against pre revolutionary british creditors his role in representing the united states in a critical diplomatic mission to france his time spent in the house of representatives and his direction of u s foreign policy during his tenure as secretary of state these experiences presented marshall with a daily look at both the realities of international relations

and the specifics of international law and introduced him to many of the issues he would later face as chief justice students and scholars of american history the supreme court and political science will find this to be an indispensable work as will most public college and university libraries
